PROGRAM OVERVIEW
This interdisciplinary online program merges management principles with cybersecurity and computer science, equipping graduates with the technical understanding of cyber risks and implement strategies to reduce their impact. Delve into the intricate relationship between policy, business, and technology and prepare yourself to lead cybersecurity initiatives within your organization.

FLEXIBLE LEARNING
Courses are offered synchronously and asynchronously. Tests are conducted online. Learn on your schedule.

ENHANCE YOUR CAREER
Grow a global network through a top-tier engineering program. Boost your professional potential!

SAVE MONEY
Tuition is 40% less than on-campus. Plus, any textbook and software you need is included in your tuition.

APPLYING IS EASY
GRE is not required (but can enhance your application) and there are no application fees.

Nationally-ranked program
#12 BY U.S. NEWS

• online.engineering.gwu.edu • onlineengineer@gwu.edu • 833-330-1454
Each of the 10 courses in the program is three credits, totaling the 30 credit hours required for completion. The program’s online format offers both synchronous and asynchronous options, lets students take multiple courses in a term if they choose, and allows students to start during any session. This format lets students fit their education to their individual needs. Tuition is $1,150 per credit hour for 2023-2024.
