DOCTOR OF ENGINEERING

Cybersecurity Analytics

PROGRAM OVERVIEW

This online doctoral degree program prepares students for leadership positions in both industry and academia. Students are provided with extensive knowledge of cutting-edge cybersecurity techniques and tools, and their application to real-world cybersecurity challenges. Graduates of this program are equipped to conduct research and lead cybersecurity projects in various industries, including technology, finance, healthcare, and more.

ON-CAMPUS QUALITY

Get a high-quality GWU Engineering degree wherever you are, delivered by world-class faculty.

SAVE MONEY

Tuition is significantly less than on-campus. Plus, any textbook and software you need is included in your tuition.

ENHANCE YOUR CAREER

Grow a global network through a top-tier engineering program. Boost your professional potential!

APPLYING IS EASY

GRE is not required (but can enhance your application) and there are no application fees.

Nationally-ranked program
